

NANO KOREA 2024

The 22nd International Nanotech Symposium & Exhibition

Prof. Jae Won Shim

Korea University, Korea

Jae Won Shim is an Associate Professor of School of Electrical Engineering at Korea University, located in Seoul, Korea. His research interests range from the investigation of fundamental physical processes in organic-based nanostructured thin films, to the design, fabrication and testing of light-weight flexible optoelectronic devices based on emerging materials. He received his Ph.D. degree in Electrical and Computer Engineering from the Georgia Institute of Technology (USA) in 2014, and then joined the Samsung Advanced Institute of Technology as a research staff member. In 2015, he was appointed Assistant Professor at the Division of Electronics and Electrical Engineering at Dongguk University. Since 2019, he has been Associate Professor at the School of Electrical Engineering, Korea University.
