

NANO KOREA 2024

The 22nd International Nanotech Symposium & Exhibition

Prof. Chan Woo Lee

Department of Applied Chemistry, Kookmin
University, Republic of Korea

Chan Woo Lee is an associate professor in the Department of Applied Chemistry at Kookmin University. He received his Ph.D. degree from the Department of Materials Science and Engineering at Seoul National University in 2017. His research interests include electrocatalysis and nanomaterials in the energy and environmental sciences.
