**Fei Zhang** is currently a Professor in the School of Chemical Engineering and Technology at Tianjin University. He received his B.Eng. (2011) and Ph. D. degree(2017) under the supervision of Prof. Shirong Wang at Tianjin University. He was a visiting Ph.D. student in LPI at Ecole Polytechnique Fédérale de Lausanne (EPFL) under the supervision of Prof. Michael Grätzel and Dr. Shaik Mohammed Zakeeruddin. Then he worked as a Postdoctoral Researcher in the Chemistry and Nanoscience Center at the National Renewable Energy Laboratory under Dr. Kai Zhu's supervision. His interests concentrate on synthesizing low-dimensional perovskites, hole-transporting materials, and device engineering for perovskite optoelectrical devices.
