**Dr. Soongeun Kwon**

Korea Institute of Machinery and Materials,  
Republic of Korea

---

Soongeun Kwon is a principal researcher of Nano Lithography & Manufacturing Research Center at Korea Institute of Machinery and Materials (KIMM). He is also an adjunct professor in the Department of Mechanical Engineering in University of Science & Technology (UST).

He received his B.S., M.S., and Ph.D. degrees in mechanical engineering at KAIST, respectively. His research interest is on the development of nano/micro patterning process and application of energy storage devices based on carbon nanomaterials.
