

NANO KOREA 2024

The 22nd International Nanotech Symposium & Exhibition

Prof. Chang-Hee Cho

DGIST, South Korea

Dr. Chang-Hee Cho is a Professor of Department of Physics and Chemistry at Daegu Gyeongbuk Institute of Science and Technology (DGIST). He received his B.S. degree in Physics from Kyung Hee University, and his M.S. and Ph.D. degrees in Materials Science and Engineering from Gwangju Institute of Science and Technology (GIST), and then joined Prof. Ritesh Agarwal's group as a postdoctoral researcher at University of Pennsylvania. From the year 2012, he has worked at DGIST as a faculty member. His main research area is the semiconductor nanophotonics for quantum information devices.
